**The 9-12 Project**

This is a non-partisan movement. The 9-12 Project is designed to bring us all back to the place we were on September 12, 2001. The day after America was attacked we were not obsessed with Red States, Blue States or political parties. We were united as Americans, standing together to protect the greatest nation ever created.

Ask yourself these questions:

- Do you watch the direction that America is being taken in and feel powerless to stop it?
- Do you believe that your voice isn't loud enough to be heard above the noise anymore?
- Do you read the headlines everyday and feel an empty pit in your stomach...as if you're completely alone?

The truth is **we surround them.**
